Golf Complex near Wolverhampton**

**This is for WIS service personnel and
veterans only. For those with further to

Golf is a sport for everyone and a sport for life. Women tell us that golf is more than just a game; it's a passion, it's a way to keep fit, it's a way to make great friendships and build confidence.

No previous experience, specialist equipment or clothing is needed.

Golf is great for your physical, mental and social activity, so why not give it a try!

The day will start at 10am and finish around 3pm with lunch provided. It is open to serving WIS personnel and veterans.

If you wish to attend or know more then register through your PRO or contact Mark Schorah on 07577 399657 or email: mark.schorah@oncoursefoundation.com
